Corinda State High School Year 7, 8 and 9 2022 Student Resource Scheme

Dear Parents/Guardians

At Corinda State High School we are proud to offer a rich and varied curriculum that engages students and prepares them for a successful future. We provide a world-class standard of education for students both inside and outside the classroom.

To achieve great educational outcomes and prepare our students for their future pathways, Corinda State High School provides many resources to assist with student learning. The size, complexity and range of programs on offer at the school place demands on resourcing and the Queensland Government supports children's education by providing funding for instruction (teachers), facilities (school grounds and buildings) and administration (staff to run the school). Funding to schools does not extend to individual student resources such as textbooks, equipment for personal use and many items used by students in the classroom.

Corinda State High School offers a Student Resource Scheme (SRS) to assist parents and carers in providing the resources necessary for their student's schooling. The SRS is directed by the P&C Association by is administered by the school. The purpose of the scheme is to provide parents and carers with a cost effective alternative to purchasing textbooks, resources, consumables and materials from elsewhere, through reduced prices gained from the school's bulk purchasing processes.

The scheme operates under the policy and guidelines of the Department of Education and Training (DET) and is endorsed annually by the P&C Association.

Participation in this scheme is voluntary; however, I can sincerely say that what we are providing is exceptional value. Before you make a decision, please read the contents of this document to understand the financial saving and your obligations whilst in this scheme.

I look forward to your support in ensuring our students start day one prepared and resourced for the academic challenges ahead.

Helen Jamieson
Executive Principal

Textbook and Resource Allowance (TRA) Government Contribution

Every eligible student in years 7-12 at Corinda State High School receives financial assistance from the Department of Education to offset the costs of textbooks and resources. This assistance is provided to the school once a year in the form of a Textbook and Resources Allowance (TRA). The school retains this allowance to offset the costs to parents as detailed in the fees area of this document.

The SRS invoices you receive will be the full cost (SRS Part A) of participation in the SRS minus TRA already held by the school.

How do I participate in the Scheme?

Parents and carers wishing to take advantage of the services outlined and agreeing to the conditions therein should complete and return the attached SRS 2022 Participation Agreement form to the Student Services office, with payment by the due date 29/01/2022. Payment of the participation fee implies acceptance of the SRS including the Terms and Conditions, irrespective of whether or not the signed form has been returned. Parents are only required to complete the SRS Participation Agreement form once for the duration of their student's enrolment.

Non-Participation

Parents and carers who do not wish to participate in the scheme should complete and tick the non-participation option on the agreement form and return it to the school Student Services office. These parents and guardians will receive a credit from the school to the value of the Government Allowance (TRA) for their child and will be required to provide all necessary textbooks and resources. A list of the text books and resources will be provided by the school.
