

Uniform Policy

Rationale

A uniform policy (dress code) reinforces students pride in their own appearance, instils recognition of themselves as an integral part of the school community, and assists in developing pride in representing their school.

Issues of affordability, functionality and durability, equality, health and school safety, and expense are factors that contribute to the school's uniform policy.

This policy has regard to Education Queensland's policies and procedures on student dress codes, and is endorsed by the School Council.

Aims

- To promote equality among all students.
- To further develop a sense of pride in and identification with our school.
- To provide durable clothing that is cost effective and practical for our school environment.
- To maintain and enhance the positive image of the school in the community.
- To be consistent with health and safety considerations.

Implementation

- After consultation with the school community, the school has developed a uniform policy that we believe provides choice for the students, allows for students to safely engage in the many varied school activities, and caters for the financial constraints of families.
- The Uniform Policy applies during school hours, while travelling to and from school, and when students are on school excursions.
- Summer uniforms, winter uniforms and sports uniforms will be prescribed and are required to be worn.
- The Uniform Policy, including details of uniform items and places of purchase, will be published on the school website.
- The Principal is responsible for implementation of the dress code (as covered by the Uniform Policy) in a manner consistent with the endorsed behaviour management policies for students.
- Arrangements may be made to supply uniforms via the school administration for families experiencing economic hardship.
- Parents seeking exemptions to the uniform policy due to religious beliefs, ethnic or cultural background, student disability, health condition or economic hardship must apply in writing to the Executive Principal and provide evidence to support their case.

Non-compliance with the Uniform Policy

Non-compliance by students with the uniform policy may result in consequences being applied. Consequences may include withdrawal of playground privileges, loss of school representation, contact with parent/carers, or prevention from participating in school activities. Repeated non-compliance with uniform consequences may incur further consequences. Moderation of 'acceptable' uniform and appearance is at the discretion of the Administration.

The School Uniform

Our school dress code is a reflection of the high standards embraced at Corinda State High School. The school colours are bottle green, gold, white and grey.

Students are expected to make a personal commitment to present themselves well. This will reflect not only their personal pride, but also a positive identity of Corinda State High School in the community. Students are expected to wear the complete school uniform at all times, to be clean and well groomed. The school formal day uniform (which includes leather shoes and backpack) must be worn at school and on the way to and from school. Students must wear full day uniform on excursions and at formal events unless otherwise indicated.

It is important that the school community as a whole supports and upholds the uniform policy and accepts a shared responsibility for upholding these standards.

Responsibilities

Students

- to be well presented and wear the school's uniform as prescribed by the uniform policy
- to comply with any requests or directions from school staff regarding appearance or standards of dress, and to comply with any health and safety requirements as directed by school staff.

Parents and caregivers

- to commit to supporting the dress code as part of the enrolment agreement
- to assist students to develop maturity, responsibility and self-discipline by supporting the student to adhere to the uniform policy, and ensuring students attend school well presented
- to work with the school to resolve issues regarding compliance with the uniform policy and support the authority of the school in enforcing the uniform policy
- to request short or long term exemptions to the uniform policy in writing, providing reasons for the request to support and assist students to comply with health and safety requirements.

School staff

- to clearly articulate the school's expectations and requirements regarding the uniform policy
- to fairly and equitably enforce the uniform policy
- to inform and support parents to develop strategies to assist the student to comply with the uniform policy
- to determine, document and inform parents and students of reasons for decisions on exemptions from the uniform policy
- to provide appropriate direction to students to ensure they comply with health and safety requirements.

The Principal

- to consult with students, school staff, parents and the Parents and Citizens' (P&C) Association when developing and reviewing the school's dress code
- to approve the dress code and/or any amendments to the dress code
- to approve any proposed changes to the school uniform, dress and appearance standards, and uniform policy.
