

Attendance Policy

Rationale

The Education (General Provisions Act) 2006 requires that children of compulsory school age must be enrolled and attend school on every school day. All students are required to attend school unless reasonable and valid grounds exist for them to be absent.

Education is a sequential process. Absences often mean students miss important stages in the development of topics, causing them to find 'catching up' difficult. Absenteeism contributes significantly to student failure at school.

Aims

- To maximize student learning opportunities and performance by ensuring that students attend school regularly
- To prepare students and instil a work ethic that reflects workplace standards

Implementation

- Parents have a responsibility to ensure that students attend school regularly, and are only absent if ill or if absolutely necessary. Parent/guardians have a further responsibility to contact the school explaining why an absence has occurred.
- Absences due to medical reasons (appointment, sickness etc.) will require a medical certificate supplied to the school. These absences are then changed to "medical absences."
- Parent/guardians of students who are to be absent are required to explain their student's absence, in one of the following ways:
 - Contact the school through the school's website - [Absences](#)
 - Contact the school absence line on 3379 0290
 - Contact the school via email at student.absence@corindashs.eq.edu.au
 - Reply to the unexplained absence message, sent via SMS
 - Provide a note on the next school day, explaining the student absence, signed by a parent/guardian
 - Visit QParents at <https://qparents.qld.edu.au/#/login> (must be registered).
- A student is deemed to be absent for part days as per departmental procedure [Roll marking in state schools](#).
- Independent students not living with parents or guardians are also required to provide notes and supporting documentation following the same procedure (as above).
- The expected standard of attendance is 95% Present (+ Medical Cert). Information kept in accordance with departmental policy and procedures in IDAttend.

- Absences during assessment are addressed through the Corinda State High School [Assessment policy](#).
- Unexplained or inadequately explained absences will be deemed as unauthorised absences. This may result in communication with parents and the student involved, so as to implement strategies that will resolve the issue by offering support to improve attendance.
- Students who fall below the expected standard of attendance may be required to show cause and attend a meeting with support staff. These students may also be placed on the non-representative list.
- Ongoing unauthorised or unexplained absences, or lack of cooperation regarding student attendance, will result in a formal attendance conference being organised. Unresolved attendance issues of post-compulsory students may result in withdrawal of credit from subjects, or ultimately to the cancellation of enrolment for failure to participate in a program of instruction. Unresolved attendance issues of students in the compulsory participation phase of schooling will result in formal notification and may be reported by the Principal to the Executive Director Schools, with a recommendation to consent to prosecution.
- All student absences are recorded each period by teachers, and regular reports provided to monitor attendance patterns.
- Student attendance and absence figures will appear on student reports.
- Aggregated student attendance data is reported to the wider community each year as part of the Annual School Report.
