

GRADUATE PROGRAM

International Student Spotlight

Tom from Vietnam

Since joining Corinda State High School in 2024, Year 10 student Tom has embraced every opportunity to learn, connect and explore life in Australia.

Moving to a new country and starting at a new school can be challenging, but Tom quickly found Corinda SHS to be a welcoming and supportive environment. After first discovering the school online, he was drawn to its strong learning culture, something he now experiences every day through supportive teachers, friendly classmates and new experiences both inside and outside the classroom.

A memorable Brisbane experience: One of Tom's favourite experiences has been riding the CityCat ferry and seeing Brisbane city from the river.

Looking ahead: After finishing high school, Tom hopes to study Electrical Engineering at one of the world's most respected universities, the University of Queensland, situated 10km from Corinda SHS.

First impressions: Tom was impressed by the school's technology, especially the touchscreens in the Library, which he uses to draw and research engineering topics and support his learning in his favourite subject, Specialist Mathematics.

A place that feels like home: During break times, the International Kitchen is a special place where students gather to heat up food and spend time together. For Tom, it provides a sense of comfort and connection that helps ease homesickness.

Thinking about studying abroad in Australia? Prospective students and families can learn more about Corinda State High School's International program by visiting corindashs.eq.edu.au/international
