Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:
- Identify students below NMS and triangulate with diagnostic testing data and provide intensive intervention in Literacy and Numeracy.
- Employ teacher aides to assist classroom teachers in explicit teaching of literacy.
- Create additional Maths and English Foundation classes for students below NMS but not in need of intensive intervention.
- Build teacher capability in explicit teaching practices in literacy and numeracy, by engaging specialised literacy coach.

Additionally to these previously stated strategies, a numeracy coach has been employed to build teacher capability and to support students.
