Funding amount estimated on 2015 data. Actual funding will be determined after 2016 enrolment data are finalised.

Under this agreement for 2016
Corinda State High School will receive

$909,400*

This funding will be used to

Instruction:
- Increase in NMS for Reading, Writing and Numeracy for Year 7 and 9 to 100% in 2016.
- Increase the percentage of students in Reading meeting the NAPLAN Upper 2 Bands for Year 7 and Year 9 students to 20% end 2016.
- Increase the percentage of students in Numeracy meeting the NAPLAN Upper 2 Bands for Year 7 and 9 students to 25% by end 2016.
- Respond to diagnostic testing, identify students in need of intervention, and delivery explicit programs to address learning needs of students in Junior Secondary.
- Develop teacher capacity to deliver explicit teaching of literacy and numeracy across all faculty areas through targeted professional development and coaching.
- Improvement in quality of teaching and learning across the whole school.
- Improvement in application of interactive and digital technologies to support quality teaching and learning. Increased satisfaction levels of access to technology and confidence in application of appropriate technology.
- Coordinate and manage analysis of student data in order to respond to student and cohort deficiencies and ensure ongoing improvement with student outcomes.
- Increase opportunities for students to obtain senior qualifications in order to maintain QCE attainment at 100%.
- Review and development of QCS preparation and teacher capacity building with explicit teaching of Common Curriculum Elements.

Our initiatives include

Instruction:
- Undertake entry screening to diagnose learning needs and respond appropriately with intervention and explicit teaching.
- Undertake annual cohort testing to measure trends and improvements, which will inform programming and planning for improved learning outcomes in literacy and numeracy.
- Provide support to identified students through intervention programs in literacy and numeracy.
- Develop consistent approach to the teaching of Reading through targeted professional development.
- Continue the school’s reading program with support for additional resources.
- Appoint support staff to ensure effective and efficient analysis of data, management of data to inform responsive teaching programs.
- Provision of intensive intervention programs in Literacy and Numeracy in Junior Secondary.
- Provision of QCS preparation, analysis and teacher development with Senior School staff.

* Funding amount estimated on 2015 data. Actual funding will be determined after 2016 enrolment data are finalised.
Provision of classroom coaching and mentoring to support teachers with pedagogical improvement and support with explicit teaching of literacy and numeracy.

Our school will improve student outcomes by

**Instruction:**
- Provide professional development in Reading to Learn for staff to develop capacity to teach explicit reading skills across faculties.
- Employ a Teaching and Learning Head of Department to support teachers with pedagogical reform in the Art and Science of Teaching and build capacity to develop explicit teaching of Literacy and Numeracy.
- Employ a Dean of Year 7 to oversee management of student transition, literacy and numeracy data, curriculum planning and coordination.
- Employ teacher aides and support staff to deliver QuickSmart Intervention, manage 5 week data cycles and Reading program.
- Provision of resources to support Junior School Reading program and Intervention program.
- Conducting ongoing workshops for QCS preparation and explicit teaching of common curriculum elements.
- Supporting senior students with a broader range of qualifications to attain QCE points.
- Employ support staff for tracking of students and analysis of data to monitor improvements in student outcomes in both Senior and Junior Secondary.
- Providing targeted support for EALD students.
- Engaging a Student Success coach to improve student outcomes.
- Enhancing the services of the Youth Support Coordinator.
- Increasing Learning Support resourcing to support classroom teachers with differentiated instruction
- Implementing professional learning communities across the school which focusses on improving the quality of teaching and learning.
- Provision of specialised numeracy programs.
