Scheme

Dear Parents/Guardians

At Corinda State High School we are proud to offer a rich and varied curriculum that engages students and prepares them for a successful future. We provide a world-class standard of education for students both inside and outside the classroom.

To achieve great educational outcomes and prepare our students for their future pathways, Corinda State High School provides many resources to assist with student learning. The Queensland Government supports children's education by providing funding for instruction (teachers), facilities (school grounds and buildings) and administration (staff to run the school). Funding to schools does not extend to individual student resources such as textbooks, equipment for personal use and many items used by the student in the classroom.

Corinda State High School offers a Student Resource Scheme (SRS) to assist parents in providing the resources necessary for their student's schooling. The purpose of the scheme is to provide parents/guardians with a cost effective alternative to purchasing textbooks, resources, consumables and materials from elsewhere, through reduced prices gained from the school's bulk purchasing processes.

The scheme operates under the policy and guidelines of the Department of Education and Training (DET) and is approved and endorsed annually by the P&C Association.

Participation in this scheme is voluntary; however, I can sincerely say that what we are providing is exceptional value. Before you make a decision, please read the contents of this document to understand the financial saving and your obligations whilst in this scheme.

I look forward to your support in ensuring our students start day one prepared and resourced for the academic challenges ahead.

Helen Jamieson
Executive Principal

Summary of Fees

Corinda State High School operates a Student Resource Scheme (SRS) for years 7 to 12 to ensure that students have an adequate bank of resources to guarantee a good quality education. The SRS is designed to minimise the costs to parents/guardians providing textbooks (on-line and/or hard copy) and other learning resources to their child or children by securing discounts through bulk ordering and sourcing the correct resources required for learning.

The 2021 Student Resource Scheme Fees are broken down into following sections:

- Part A:** Includes textbooks, Student Diary, Student ID and general basic resources for all subject areas, applies to all students.
- Part B:** Includes additional resource materials, and consumables to enhance student learning outcomes applies to all students.
- Part C:** Includes fees for students enrolled in specific elective subjects
- Part D:** Includes fees for students enrolled in Honours Programs.
- Part E:** Includes fees for student enrolled in the Instrumental Music Program.
- Part F:** Includes fees for students enrolled in a VET course – Years 11 and 12 only.

The Student Resource Scheme operates under the policy and guidelines of the Department of Education and Training. The Corinda State High Parents and Citizens Association have endorsed the school's operation and fee structure for 2021.

The Student Resource Scheme provides the entire package for the specified participation fee and is not available in part.

Textbook and Resource Allowance (TRA) Government Contribution

Every eligible student in Years 7-12 at Corinda State High School receives financial assistance from the Department of Education to offset the costs of textbooks and resources. This assistance is provided to the school once a year in the form of a Textbook and Resources Allowance (TRA). The school retains this allowance to offset the costs to parents as detailed in the fees area of this document.

The SRS invoices you receive will be the full cost (SRS Part A) of participation in the SRS minus TRA already held by the school.

How do I participate in the Scheme?

Parents/Guardians wishing to take advantage of the services outlined and agreeing to the conditions therein should complete and return the attached Student Resource Scheme 2021 Participation Agreement form to the Student Services Office, with payment by the due date 29/01/2021. Payment of the participation fee implies acceptance of the SRS including the Terms and Conditions irrespective of whether or not the signed form has been returned. Parents are only required to complete the Student Resource Scheme Participation Agreement form once for the duration of their student's enrolment.

Non-Participation

Parents and guardians who do not wish to participate in the scheme should complete and tick the non-participation on the Agreement form and return it to the School Student Services Office. These parents and guardians will receive a payment or credit from the school to the value of the Government Allowance (TRA) for their child and will be required to provide all necessary textbooks and resources. A list of the text books and resources will be provided by the school.
