

Investing for Success

Under this agreement for 2022

Corinda State High School will receive

\$1,120,338*

This funding will be used to

- Improve Writing across all year levels impacting on A – E levels of achievement, national benchmarking and senior schooling outcomes.
- Continued focus on improving classroom pedagogy, student engagement and student agency.
- Continue implementation of full inclusion across the school.
- Decrease number of students with repeated school disciplinary absences.
- Improve attendance and engagement rates for all students.
- Improve total fitness of all students – wellbeing, positive education, study skills, tutoring, life skills and school culture.
- Provide specialised programs to support development of Transformative competencies with staff and students.
- Maintain high standard and expectations with QCE attainment, ATAR outcomes and continue improvement in Senior Schooling outcomes.

Our initiatives include

- Implementation of Future Fit program to improve senior student outcomes, tracking of data and assessment of total fitness.
- Student Perception Survey – implementation of student voice and developing a culture of feedback to improve student engagement and pedagogy.
- Develop teacher capacity to deliver explicit teaching of reading, writing and feedback in all classrooms.
- Build teacher capacity and provide pedagogical coaching to develop consistent classroom practices, agile and innovative learning environments and implement real world problem based learning.
- Teaching and Learning Leadership team develop innovative mindsets to support entrepreneurial thinking in program delivery.
- Conduct school improvement walkthroughs with Leadership team to assess variance across the school and identify focus for teaching and learning improvements.
- Provide support for students at risk of disengagement, home visits, intervention programs with key staff who oversee student tracking.
- Monitor attendance rates and implement proactive strategies to address attendance and engagement.

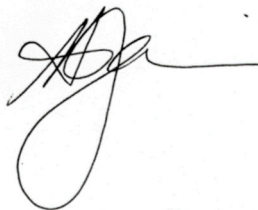

Our school will improve student outcomes by

- Employ Deputy Principals – Teaching & Learning / Excellence and Innovation and Technology to lead improvements with pedagogy and classroom delivery. (\$295,000)
- Employ Teaching and Learning HOD to provide individual and faculty coaching on effective pedagogical delivery. (\$42,000)
- Employ additional Literacy and Numeracy Coordinators (.5 each) to support focus on literacy and numeracy improvements. (\$88,000)
- Employ part time HOD to develop school's focus on Future Fit program to improve senior outcomes and pedagogy. (\$45,000)

**Queensland
Government**

- Employ additional House Masters to support pastoral care, school climate and wellbeing initiatives. (\$364,090)
- Engage with the Writer's Toolbox (Write That Essay) to support capacity building of teachers with focus on writing. (\$50,000)
- Employ school engagement officer and Student Support Officer to improve engagement, attendance and student completion rates. (\$83,000)
- Allocate Teacher Aide hours to support after school tutorials and tutoring program. (\$20,000)
- Provision of resources to deliver Future Fit program. (\$50,000)
- Provision of Leadership Program with external agencies and offsite activities. (\$43,248)
- Provision of specialised programs for staff and students to develop transformative competencies in problem based learning projects. (\$40,000)
